Mike:

We would like to congratulate you and Andy Datesman for the exceptional work on our recently completed two-story addition. As long-time homeowners in Lake Caroline, we have had the opportunity to watch many builders and to discuss experiences with other homeowners so when it came time to select a builder for this addition there was no question who we would select. Universally the reputation of Robinson Construction was for delivering a quality product and you have done so once again.

The addition that you planned and built for us was fully integrated into our existing home and maintained the style of the home. All of the subcontractors that you hired and the material that they incorporated into the addition were of the highest quality and it shows in their attention to detail and craftsmanship. We could not be happier and hope that you will extend out thanks to all of them for a "job well done". We appreciate all of your efforts and are enjoying the addition every day.

Sincerely,
